

## About me

I am an English Dominatrix and I spend my time equally between my country home in England and my Spanish Villa.

I am 30, curvy and sexy. My hair colour does change from time to time although I am quite fond of Auburn. Through my dominant lifestyle I fulfill my fantasies as well as yours.

My time is very precious which means that you must not waste it. Follow my rules before you contact me and always remember your place.

Serve me well and you will be treated like the useless fuck-pig you are. If you can't follow my simple rules then you will be ignored.
