I am your superior and you are a worthless little cocked piggy that must earn my attention.

By making a tribute you:

-

Acknowledge my superiority and your subjugation

- Compensate your Mistress for spending her valuable time on a loser like you
- Show respect, gratitude or affection to your Mistress
- Show your worth or virtue as a money slave
- Compensate for bad behaviour, failing to meet my high standards or complete training

You may send a tribute by several ways, the most obvious are listed below.

I have indicated what I expect as a minimum tribute for specific services on the related pages.

If you wish to just chat or discuss something in detail in advance then, remember, do not even attempt to IM me unless you have made a tribute. I expect you be able to confirm your tribute within a few minutes of talking to you by IM. You get no second chances.

I am a very busy woman and have expensive tastes. Whilst I enjoy to humiliate and punish worthless little piggies like you I do have other things to do. To get my attention you must make a tribute.

I accept Amazon UK gift certificates. You can buy email gift certificates here from Amazon. Send your certificates to costablancamistress@hotmail.com .

You can also treat and pamper your Mistress by choosing an item from my wishlist at Amazon UK.

If you are from the UK, Norway or Germany you can send a tribute through your mobile phone. Sign up for an account at LUUP and then send your tribute to username goddessmarie .

For trusted and obedient slaves I offer other ways of paying a tribute. You must have served me and given tributes over a period of time to reach this status.
